

# Support great governance and drive school improvement

Equip your governors with the know-how, training and tools they need to collaborate effectively and support your school.

## Governance from The Key

The Key for School Governors provides role-specific, expert-led, actionable guidance for every member of your board.

### Membership will...

- Help new governors hit the ground running, with interactive online induction training that splits the basics of governance into manageable chunks
- Guide your board on how to support your school effectively, with hundreds of practical resources, templates and checklists
- Keep your board up to date with the latest sector news and actionable next steps
