

Our impact in Wales.

Nov 2020-Nov 2022

Governors for Schools provides a free governor recruitment service to state-funded schools. We support schools to run effectively by finding high-calibre governors to bring their skills and expertise to the table. In so doing, we work to improve education for children. We look back at what we've achieved since launching our service in Wales in November 2020.

Governors For Schools has been a fantastic resource for us in our work to strengthen school governance across the city. We work closely with our schools and a number of partners to find governors who are representative of the communities that they serve and with diverse skill sets and competencies to enable all our governing bodies to be highly effective in their roles. Governors for Schools have played a key role in this by putting us in contact with over thirty high calibre volunteers from a range of diverse backgrounds.

Ruth Lock, Governor Services Manager, Cardiff Council
