Our **free-to-access service** – the process

1. For access to our free-to-access matching service, register your governor vacancies online using [your personal dashboard](#).
2. As volunteers apply organically via our website, we search for roles that match their requirements – if your vacancy is suitable, we send them the details.
3. If the volunteer is interested in moving forward, we'll make an introduction via email.
4. You can then arrange a meeting with the volunteer at the school to talk more about the role.
5. Update us on progress via your personal dashboard and email responses.
6. Once placed, volunteers receive 12 months free access to GovernorHub Knowledge and we signpost to our free eLearning modules.
